TO SEE SHIVA BE SHIVA

The spiritual paintings with their lines, forms, words, substance and colors are transformed into a creation that has a soul and a spiritual life. As the creator gives life to his creation, Shiva Guruji Aruneshvar transmits the essence of his divine spiritual Shiva soul to his creation - his paintings.

Shiva Guruji Aruneshvar's paintings are the expression of his divine heart and spiritually awakened soul. He transmits in them his divine messages and the mystic mysteries of the divine universe. They are born out of the desire of Shiva Guruji Aruneshvar's devotional love to represent:

SHIVA = Synergy Harmony Initiation Vastness Awakening

Shiva Spiritualism - The First Indian Art ISM

Transformative that's how one can describe Shiva Guruji Aruneshvar's "Shiva Spiritualism", because his art inspires the viewer to go beyond the physical and the material level to what is beyond. It moves you, it will undo you completely. It all began over 30 years ago, when as a young artist Shiva Guruji Aruneshvar began his journey of self discovery and exploration. Although he hailed from an intensely spiritual family his journey was his own and art became the medium of expression. With every brush stroke Shiva Guruji Aruneshvar began expressing the beautiful lyricism in his soul on canvas and his visions of Shiva began emerging in swirls of colour. Shiva Guruji Aruneshvar's luminous divine forms engaged in silent communion with the existence to reach out and touch the inner spirituality with every soul.

SHIVA DHYAN YOGA - Back to the core, back to your Self

Live life with love and love the life you live through these ancient yogic breath meditations, which Shiva Guruji has brought back to the world from Himalaya. This experiential method for the soul takes you back to your Self. Shiva Dhyana Yoga awakens your awareness and gives you the ability to live life in happiness, with peace of mind and acceptance of everyone and everything as it is and what it is. These Himalayan meditations transform you from within and give you self-knowledge and self-realization. Shiva Guruji Aruneshvar & Shivani Himalaya hold worldwide Shiva Dhyana Yoga Meditation workshops and train teachers.
